*NEW YORK.*

VIEW OF LARGE PASTURE AT NURSERY STUD.—LOOKING TOWARDS LEXINGTON.

IN this catalogue the figures in the upper right hand corner of the pedigrees represent the proportion (in sixteenths) of Eclipse, Herod and Matchem blood, respectively, as indicated by the letters, E., H. and M. opposite the names of the stallions in the sixth generation, in accordance with the system of Count Lehndorff.

THE numbers in the pedigrees indicate the families to which the horses so marked trace back, according to the so-called "Figure System," of which Bruce Lowe is the author, whose deductions regarding the racing excellence of the different lines, are based on the number of winners of the three great English classic races, the Derby, Oaks and St. Leger, descended from any particular mare, and the numbers show the position the family has attained in these three events, thus, Nos. 1, 2, 3, 4, 5, and so on up to 34. The larger the figures the less successful have been the descendants of that family.

The heavy figures, **3, 8, 11, 12** and **14**, indicate those families with a preponderance of sire blood, as in tracing the stud performances of all the prominent sires in the English Stud Book, up to Eclipse, the king of sires, it was found that not more than half a dozen of any importance were found outside of these five families, and these few never scored a marked success, except with mares coming either directly from these families or else inbred to them closely.

It is essential to secure the best results, that the blood of Nos. 1, 2, 3, 4 and 5 families should be grafted upon the sire families; in other words, every great race horse and sire of this century, will be found to have in his three top removes, one or more of the following figures, 1, 2, 3, 4, 5, 8, 11, 12 and 14.

Following are extracts from his book, showing the original mares or tap roots to which the different families trace back, with the characteristics supposed to be inherited by the individuals belonging to these lines.

**No. 1.****TREGONWELL'S NATURAL BARB MARE.**

This is essentially a running, as distinguished from a sire line. It is very prominent as a winner of the three classic events.

It has figured more largely than any line as a winner of the One Thousand and Two Thousand Guineas, and the fillies have proved themselves high-class, prolific brood mares. The earliest horses of note in the family were Old Snap, and his son Goldfinder, never beaten.

Very few great sires have sprung from this line in proportion to its winners. The best are Partisan, Melbourne, Bay Middleton, Glencoe, Whalebone and Whisker. Minting is from this line, also his sire Lord Lyon, Silvio, Craig Millar and Trumpator. The above, except Whalebone and Whisker (both good all-round horses), are mostly esteemed through their female progeny. The members of the family possess great quality, brilliancy and good looks as a rule.

**No. 2.****BURTON'S BARB MARE.**

Burton's Barb mare family, like its rival line, is a very valuable dam strain, and has furnished a large contingent of Oaks winners.

Indications point to its being better staying blood than the No. 1 family, though it is somewhat behind as a Derby winner. As a sire line it is distinctly ahead of its rival line, and though not in the front rank by a long way, many celebrities may be counted among its members.

Prominent are Whiskey, Blacklock, Sir Hercules, Selim, Castrel, Voltigeur, Harkaway, Surplice, St. Albans, Lord Clifden, Ithuriel, etc., in England.

It was never strongly represented in America in early days, except through Yorkshire (imp.), and Hurrah (imp.), but of recent years frequent importations of the family have filled up this gap.

While successful sires sprang from this family, they were either got by horses which were in sire families, or won their successes by being mated with dams from the sire families, thus showing their dependence on sire blood.

**No. 3.****DAM OF TWO TRUE BLUES.**

This is perhaps the most valuable family in the Stud Book, because it possesses the dual qualities of both a running and sire line. It has produced more Derby winners than its two great rivals, and nearly as many winners of the Oaks, and the fillies are both prolific and successful as dams. As a sire line it stands nearly, if not quite, at the top of the tree, and mates well with all the other families, being very pliable in its nature, and improving every other strain of blood it is crossed with.

It is only necessary to mention the following names to show how prolific of winners its sons have invariably been when put to stud work:—Sir Peter Teazle, Buzzard (by Woodpecker), Tramp, Master Henry, Velocipede, The Saddler, Lanercost, Flatcatcher, Pyrrhus I, Van Tromp, The Flying Dutchman, Stockwell, Sir Hercules, Favonius, Galopin, King Tom, American bred Eclipse, Rayon d'Or and many others.

**No. 4.**

## THE LAYTON BARB MARE.

This family is prolific both in numbers and classic winners. It comes from a pure Barb source, and is distinctly feminine in character. No great all-round sires have sprung from this family, though many of them have been highly valued through their fillies, to wit, Matchem, Thormanby, Kisber, Iroquois and notably Wenlock, whose daughters are veritable gold mines.

**No. 5.**

## DAUGHTER OF MASSEY'S BLACK BARB.

The horses of this family which stand out conspicuously are Gladiateur, Hermit, and Doncaster.

As a running line it is most valuable, and from its pliability mates with most of the strains,, preferring sire blood. Great sires in the family are few and far between, *i. e.*, as compared with sire lines.

**No. 6.**

## OLD BALD PEG.

This family played a conspicuous part in the early and middle ages of classic racing. To Diomed, one of its members, was accorded the honor of winning the first Derby, run in 1780. Diomed was imported to America, where his blood was highly esteemed, seeing that his stock (through Lexington principally) was dominant for many years on the American turf.

That the blood is only valuable as dam blood, is now generally recognized by American breeders.

No. 6 has always been a poor sire family. The best horse it ever produced was Priam, and his failure in America was mainly owing to being bred back to to his own family descendants from Diomed. The paucity of Oaks winners indicates the decadence of the line.

No line had better chances, as it attracted attention in early racing days through Flying Childers, Young Giantess, Eleanor, Julia and Priam.

**No. 7.**

## BLACK LEGGED ROYAL MARE.

This line is familiar to pedigree men through West Australian, its best representative. Like No. 6 there is a preponderance of Derby over Oaks and Leger winners which would seem to point to its fillies being, as a general thing, wanting in feminine character and not over good producers.

**No. 8.**

## BUSTLER MARE (Dam of Byerly Turk Mare).

This line is one of the most valuable sire families in the Stud Book, not excepting No. 3.

Not only have many great sires come directly from the line, such as Marske,

Orville, Sultan, Newminster, Cain, Humphrey Clinker, etc., but there is a marked tendency to leave equally great sons and sires behind them.

Marske begot Eclipse, a greater sire than himself; Orville was inferior as a race horse and sire to Emilius, his son: Bay Middleton was more esteemed than his sire Sultan, as was Melbourne than his sire Humphrey Clinker: while few will be found to dispute the fact, that great as Newminster proved to be at turf and stud, he was outclassed by both Lord Clifden and Hermit in these respects.

### **No. 9.**

#### **THE OLD VINTNER MARE.**

If any proof were wanting to show that families retain their original characteristics, even though they carry much contemporary blood in their veins, the history of this family affords strong evidence of the fact. Though not so high on the roll of winners as many of its rivals, it makes a goodly show and contains the names of such remarkable race horses as Mercury, Dick Andrews, Barefoot, Peter and Bendigo, and in Australia, Navigator, Trident, Camoola. Despite this, it would be a difficult task for the warmest believer in the family to point to one really high-class sire in its ranks. This is the more remarkable because of the proportion of Leger winners over Derby and Oaks, showing how really stout its sons have been, as witness Peter and Bendigo. The three Australian horses mentioned above were noted for their staying powers; also Commotion (by Panic), winner of Leger (and two champion races, three miles, under 5 min. 27 sec.), yet a pronounced stud failure.

### **No. 10.**

#### **CHILDERS' MARE (Dam of Dr. of Gower Stallion).**

This line came to the front early in its career by winning the sixth Derby with Aimwell, a son of Marc Antony. After this, winners were returned at rare intervals, and the family never assumed any importance until Blink Bonny appeared upon the scene and accomplished Eleanor's hitherto unrivalled performance of winning the double of Oaks and Derby.

The line cannot be included amongst the high class running lines. As a sire line it has been successful when backed up with plenty of sire and running blood, as witness Blair Athol, Petrarch, Hampton and Fireworks. It will be found that many of the outside (obscure origin) families have blazoned into notoriety after years of silence, and this has been brought about in nearly all cases by striking combinations of the running lines 1, 2, 3, 4 and 5, which have been grafted on to the parent stems of the outside lines.

### **No. 11.**

#### **THE SEDBURY ROYAL MARE.**

This family includes many illustrious names that have helped to make the English stud famous. The first prominent horses of the family were Squirt and Regulus, and more recently Birdcatcher and Faugh-a-Ballagh kept up its prestige. St. Simon hails from its ranks. In America the name of "Australian" (imp.) will long be treasured; while at the Antipodes, Marvellous (imp.) claims the honor of siring Marvel, probably the fastest mile horse ever saddled in Australia, and the conqueror of Carbine over that distance of ground.

**No. 12.**

## ROYAL MARE (Dam of Brimmer Mare).

This line affords an instance of one of the anomalies of breeding, for whereas the Oaks winners are out of all proportion to the solitary and fluky Derby winner Cadland and would thereby lead one to the conclusion that it is effeminate in its nature, experience shows it to be the stoutest and most masculine in the stud book all the way up from Eclipse. To the name of Eclipse we can add a large number of good sires from this family than any other now existing except No. 3. Some of the best known names are Conductor, Voltaire, Sheet Anchor, Weatherbit, Edmund, Oxford, Sterling, Scottish Chief, Marsyas, Prince Charlie (and his son Salvator (Am.) Ethelbert, Restitution, Adventurer, Kingston, Springfield, Lexington (Am.) and some of the males of the Levity family. It is also a line which stands inbreeding to itself. This is more noticeable in America, where there has been a great deal of inbreeding to the Levity family, and with good results. Salvator was the result of a cross of Prince Charlie (12) on to Selina of the same family; and, what is more remarkable, Prince Charlie is himself inbred to 12, and Selina is by Lexington of the same line. It will, however, be found that in all cases of inbreeding the 12 line to itself with success, it was accompanied by a strong return of the running families as well, (through collateral branches) to insure the requisite amount of racing vitality to the offspring.

**No. 13.**

## ROYAL MARE (Dam of Mare by Darcy's White Turk).

The first horse to give any prominence to this line was the unbeaten Highflyer. Stella (Oaks), in 1784, was the first classic winner, then Fyldener won the Leger in 1806, and we find nothing classical again till Elis won the Leger in 1836. Then appeared the sensational Orlando, and after this winners cropped up every now and then.

**No. 14.**

## THE OLFIELD MARE.

As a classic winner this family does not take high rank. Taking into consideration the inferior figure it cuts as a classic winner, one would hardly look to its ranks for great sires if one followed the orthodox plan of "using only running families." On the one side we require stout, masculine breeding, combined with strong individuality, symmetry, and ability to race, if possible, and on the other soundness of constitution with an accumulation of vitality only to be acquired by close breeding to Nos. 1, 2, 3, 4 and 5. The first sire of any note in the 14 line was Trumpator (of the God. Barb branch). Then came Touchstone, a horse that has made himself a great name for all time. Also Leamington, imported to America, destined to sire Iroquois. The 14 line has done still further service in the States by producing the great horse Tammany (from Tullahoma, 14); but I think beyond doubt that this family ranks high as a sire line.

**No. 15.**

## ROYAL MARE (Dam of Old Whynot).

It is very evident that the members of this family do not come early, or else are not partial to short courses, for I cannot find a winner of either 1000 or 2000 Guineas, and this is corroborated by the fact that its Leger winners are out of proportion to the Oaks and Derby. This paucity of good females would indicate its gradual extinction, and such appears to be the case, though it has come again with a spurt in the shape of Foxhall and Harvester. As a sire family it has always been a pronounced failure.

**No. 16.**

## SISTER TO STRIPLING BY HUTTON'S SPOT.

Up to the time St. Gatien (1884) ran a dead heat for the Derby with Harvester, the line had been absolutely silent as regards classic winners, though many fair racehorses (and sires) came from its ranks, notably Tibthrope, Brown Bread, etc. The line is better known to the breeding and sporting world as "the Agnes family." The gradual building up of the Agnes family is one of the most interesting problems in the annals of breeding. There is no pedigree in the stud book with so much concentrated vital force as this of Lily Agnes.

**No. 17.**

## BYERLY TURK MARE. (Dam of mare by Carlisle Turk).

The family is best known in England through Pantaloon, in Australia by Yattendon, and America by Sir Modred and Cheviot, his brother, sire of Rey el Santa Anita. Pantaloon's blood has always been esteemed highly, and should be more bred to than it is, considering how well it blends with Touchstone, Blacklock, Stockwell and Melbourne. The 17 line, though not a prolific one, has turned out a few really high-class sires, and one would infer that the line readily assimilates with other families, and there is no question that good individuals of this family are valuable acquisition to any stud.

**No. 18.**

## DR. OF OLD WOODCOCK (Dam of Dr. of Old Spot).

Though a slightly larger classic winner than three of the preceding lines, Nos. 14, 16, and 17, I have placed it behind them in order of merit, as it appears to be on the decline. Most of its victories were won in the early and middle days.

**No. 19.**

## DR. OF DAVILL'S OLD WOODCOCK.

The descendants of this line have been singularly unfortunate as regards the higher classic races, considering the number of phenomenal horses the family has produced. Only one Derby and three Legers can be placed to its credit. Sir Hugo, in 1892, was the first Derby winner. No. 19 has produced

no Oak winners, and, indeed, very few mares of high class racing form (if we except Plaisanterie and one or two others) though they develop into good dams. In spite of its want of success in classic events, a glance at some of the celebrated horses descended from its ranks shows how valuable the blood is; Isonomy, Vespasian, Monarque, Vedette. Plaisanterie, Alarm, Sabinus, Clearwell, Surefoot. The sons have not only been great racehorses, but good sires as a rule.

### **No. 20.**

#### **DR. OF GASCOIGNE'S FOREIGN HORSE.**

The line is an effeminate but improving one, and more largely represented to-day in last vol. of the stud book than Nos. 15, 16, 17, 18, and 19. Traducer (20) (imp. to New Zealand) proved to be a high-class sire. Winslow, Strauss and Citadel were about the most prominent males in England of this family of late years, until we come to Heaume, Hawkeye and Chitabob.

### **No. 21.**

#### **THE MOONAH BARB MARE OF QUEEN ANNE.**

A family well known to pedigree students through that excellent horse, Sweetmeat. Like the 20 line, it runs mostly to good fillies. The members of the family are evidently not early beginners or sprinters, as none of the shorter classic races have fallen to their share. In America the line is well and favorably known through imported Tranby (by Blacklock), whose name appears in so many good pedigrees across the water, where he undoubtedly helped to lay the foundation of Levity's greatness. It is worth noting that the triumphs of this family have been mainly owing to its association with the No. 2 line. I would infer that the fillies of this family should be put to sires closely inbred to Blacklock through the 2 and 3 lines to give their progeny the necessary running qualities. To inbreed 21 to itself or to 14, 15, 16, 17, 18, 19 and so on, is only excusable where there is some intense inbreeding to Nos. 1, 2, 3 and 4 on both sides, and in the first two or three removes. Where these conditions do not exist it is clearly a step backward in breeding.

### **No. 22.**

#### **BELGRADE TURK MARE (Dam of Bay Bolton Mare).**

Gladiator has made this family famous for all time, and evidence is forthcoming that the family is by no means dead (despite the poor figure it has cut in the Derby, Oaks and Leger), as St. Blaise and Merry Hampton testify. Up to the time St. Blaise won in 1883, the line had not been fortunate enough to win a Derby. It is no exception to the rest of the outside families in requiring the aid of running lines, and is decidedly feminine in its character.

### **No. 23.**

#### **PIPING PEG (Dam of the Hobby Mare).**

Two of the prominent horses of this family are Solon and his son Barcaldine. The family is a valuable one and assimilates easily with the best running blood.

**No. 21.**

HELMSLEY TURK MARE (Dam of Rockwood Mare).

Some of the males of this family have been such excellent sires that it almost deserves the rank of a sire line. The sons of the 24 line have, in two cases (Camel and The Baron), earned imperishable fame as the sires respectively of Touchstone and Stockwell. Other good horses in this family were Old Starling, Pumpkin, Gohanna, Mountain Deer, Claret, Camerino, Y. Gladiator and Chippendale. In America a high class racehorse and sire, Hindoo; and in Australia, imported New Warrior, an excellent sire; also Welcome Jack (N. Z.), a brilliant racehorse.

**No. 25.**

A BRIMMER MARE (Dam of Old Scarborough Mare).

Though low in scale of winners, the honors are equally divided between the three classic events, viz., Sefton, Bourbon and Zinc. This filly won the one thousand guineas, as did also Zeal and Arab from this family. Other noticeable horses are Y. Melbourne and Slane.

**No. 26.**

DR. OF MERLIN (Dam of Mare by Darley Arabian).

There is no plea (save its unfitness) for this family being so low on the list of classic winners, because few lines got such an excellent send off consequent upon King Herod's success as a racehorse and sire. In 1841 Coronation won the Derby. Previous to this (1821) Augusta won the Oaks and Two Thousand Guineas, and in 1854 Knight of St. George (by Birdcatcher) the St. Leger. In 1859 Promised Land won the Two Thousand Guineas.

**No. 27.**

A SPANKER MARE (Dam of the Byerly Turk Mare).

This family has not singled itself out by any specialty, and, like all the outside lines, is wholly dependent upon the more favored ones.

**No. 28.**

DR. OF PLACE'S WHITE TURK (Dam of Coppin Mare).

Emilius has made this family famous, but nothing else of note has sprung from its ranks except Wings, Imperator, Actaeon, Dalesman, Barbillion, etc. Emilius is the only high class sire in the line, which is evidently going to the wall.

**No. 29.**

A NATURAL BARB MARE (Dam of a Bassett Arabian Mare).

This family is dying out apparently. In Australia it is known as the Lady Emily family; Reprieve, Pardon, and Queen's Head, by Yattendon, brought the line into some prominence a few years back.

**No. 30.****DR. OF DUC DE CHARTRES' HAWKER.**

Stamford and Delpini are the best known of a line which is poorly represented to-day. Stamford was a full brother to Archduke and Paris, the three being from Horatia by Eclipse, and she was bred for ten years consecutively to Sir Peter. There was an interval of five years between the two Derby winners, Paris being the tenth foal by Sir Peter.

**No. 31.****DICK BURTON'S MARE (sometimes called a Barb Mare).**

If this line had a really pure origin, it has failed to fulfill expectations. The only classic winners are Ruler, in 1780, and Fazzoletto in 1856. It will be recognized of late years by Cape Flyaway, and that good mare Canezou, by Melbourne (1), dam by Velocipede (3), he by Blacklock.

**No. 32.****BARB MARE (Dam of Dodsworth).**

It is very evident (as is case of 31) that the pure origin availed nothing in this case. It is quite probable that Nos. 29, 31 and 32 were not of pure Eastern descent at bottom. It has been a loose fashion from all time to designate a filly of first cross by an Arab stallion as "an Arab" amongst men who do not breed to race and attach no value to pedigrees, and in early days the mistake might easily have crept into records unwittingly.

**No. 33.****SISTER TO HONEYCOMB PUNCH.**

This line can only claim a solitary Derby winner, Sergeant in 1784. Dungannon is from this line, which has almost died out.

**No. 34.****DR. OF HAUTBOY (Dam of Coneyskin's Mare, progenitor of Hutton's Daphne).**

Antonio in 1819 and Birmingham in 1830 placed two Legers to the credit of this family, not otherwise distinguished.

The foregoing numbers include all the classic winners of the Derby, Oaks, and St. Leger, excepting the first St. Leger winner, Allabaculia, whose pedigree is not given in the Stud Book. There are a few well-known English, American and Australian horses from families that have never produced a classic winner in England, though they trace to English Stud Book, and for this latter reason I have included them in a non-classic list to follow, so that the horses of the line may also be identified by a figure.

**No. 35.**

DR. OF BUSTLER (the dam of grandam of Byerly Turk  
and Bay Bolton Mares).

It is quite possible this Bustler mare is identical with the "Dr. of Bustler, dam of daughter of Byerly Turk," forming tap root of the No. 8 line, but in the absence of actual proof, they must be classed as separate families. The prominent horses of this family are Haphazard, Bustard, Newcourt, Consul, Battledore and Le Marechal.

**No. 36.**

DR. OF CURWIN'S BAY BARB.

From this mare Economist descends. Economist is the only horse of note in the family, showing once more that the outside lines must be crossed with Nos. 1, 2, 3 and 4 to insure success.

**No. 37.**

SISTER TO OLD MERLIN.

Dr. Syntax and Little Red Rover trace to this mare, but the family is getting gradually extinct.

**No. 38.**

THWAIT'S DUN MARE.

I can find no horses of any note, save Pot-8-os, in this line, which speaks volumes for the potency of Eclipse as a sire. Few better horses than Pot-8-os ever carried a saddle.

**No. 39.**

BONNY BLACK (from a daughter of Persian stallion).

I know of nothing attaining any prominence in England from this family during this century.

**No. 40.**

A ROYAL MARE (Dam of Brimmer Mare).

Boston, sire of Lexington, traces to this mare.

**No. 41.**

GRASSHOPPER MARE (Dam of Dr. of Hartley's Blind Horse).

From this mare come Bagot and Portrait.

**No. 42.**

A SPANKER MARE (Dam of Mare by Pulleine's Arabian),

Oiseau, Cestus and Theobald are from this line.

**No. 43.**

NATURAL BARB MARE (Presented by Emperor of Morocco),

Balfe and Underhand come under this family.

STALLIONS.

HENRY OF NAVARRE.

HENRY OF NAVARRE.

## HENRY OF NAVARRE (20).

Henry of Navarre is a chestnut horse foaled at the Silver Brook Stud in 1891, by Knight of Ellerslie out of Moss Rose, by imp. The Ill-Used.

Knight of Ellerslie (35), his sire, won the Army and Navy Stakes, Vernal Stakes,  $1\frac{1}{2}$  miles, Preakness Stakes and other races and finished second in the Belmont Stakes, won later by his son.

Eolus, the sire of Knight of Ellerslie, was a superior race horse and sire of Eole, Eon, Elkwood, Eurus, Eolian, St. Saviour, Russell, Morello, etc. Knight of Ellerslie is the sire of The Huguenot, Herald, Knight of the Garter, J. W. Brooks, Whist and many other superior winners.

Moss Rose, the dam of Henry of Navarre, is one of the old Nursery Stud mares, by imp. The Ill-Used and is also the dam of Turk II, a frequent winner at two, three and four years old, and The Huguenot, full brother to Henry of Navarre, a superior two and three year old stake winner.

Henry of Navarre is a horse of beautiful conformation and one of the greatest race horses known to the American turf. In four seasons he met and defeated all the best horses of his day, proving himself equal to any distance and weight, a horse of rare speed, courage and stamina.

His turf performances are given below—

As a two year old, he won the Breeders' Stakes at Lexington, the Golden Rod and Dash Stakes at Coney Island, Algeria Handicap at Brooklyn, from Dobbins, Declare and others, and two other races; was second twice, third once and once unplaced.

As a three year old he won the Belmont Stakes, Spindrift, Travers, Foxhall, and Iroquois Stakes, the Dolphin and Bay Stakes, ran a dead heat with Domino in the Third Special Stakes at Brooklyn, and a special purse at Morris Park,  $1\frac{1}{8}$  miles in  $1:54\frac{1}{4}$  from Clifford and Domino. In the same year he was five times second, once third and once unplaced.

As a four year old he won the Merchants' Stakes at Latonia, Country Club Handicap at Cincinnati, Special at Coney Island, from Domino and Rey el Santa Anita, First Special at Brooklyn and the Municipal and Manhattan Handicaps at Morris Park, besides being second once and third once.

As a five year old he won The Suburban Handicap, in 2:07 with 129 lbs. His total winnings amounted to \$71,015.

HASTINGS.

## HASTINGS (21).

Hastings is a brown horse foaled in 1893. His sire Spendthrift was a grand race horse, winner like Hastings of the Belmont Stakes. In the stud he produced the great Kingston, Lamplighter, Lazzarone, Bankrupt, Pick-pocket, Stockton and a host of other good ones.

His dam imp. Cinderella also foaled Glenheim (winner of the Juvenile Stakes, etc., in 1883), Foreigner and Handsome (a brilliant two year old in 1894, being only once unplaced in nine starts).

In the female line the pedigree of Hastings is a fine one, the representatives of the family in England including the great Sweetmeat and in America such good ones as Auricoma, Belinda, Barbara, Madam Dudley, Glen Dudley, Judith, Santa Rita, Virgie D., Brigand, Brown Prince, Ruby Royal etc.

Hastings is a half brother to Plaudit, winner of the Champagne Stakes, Nursery Handicap and Emerald Stakes as a two year old and at three he won the Buckeye Stakes, Oakley Derby, Clark Stakes and Kentucky Derby.

He is also half brother to the superior race horse and fine campaigner, Ferrier, a winner at two years of six races, at three of sixteen races in 1894, fifteen in 1895, eight in 1896, one in 1897 and five in 1899.

The turf record of Hastings was a brilliant one and a brief synopsis is herewith given.

At two, won the Surf Stakes, five furlongs, beating Handspring. Won at four furlongs in 48 seconds, beating fourteen others, won at five furlongs in 1:02 with 122 lbs., and ran fifth in the Futurity.

At three, won the Toboggan Handicap, won the Belmont, beating Handspring and others and ran second in the Tidal Stakes and fourth in the Realization.

At four ran a dead heat for the Kearney Handicap with Clifford, won at six furlongs from Ornament and Cleophus, won at five furlongs in  $53\frac{1}{4}$  seconds, with 130 lbs., won a Handicap of seven furlongs with 140 lbs., ran second in the Ocean Handicap, second in the Omnium Handicap, second in the First Special, second in the Culver Handicap, second at  $1\frac{3}{16}$  miles, second over the Withers mile, 126 lbs., to Semper Ego, same age, 104 lbs., and was unplaced in the Fall and Metropolitan Handicaps.

Hastings gives promise of proving a great sire. He was sent to the stud in 1899, the first of his get running in 1901 and seventeen of them were winners.

Promise is given this year of even an improvement over last season in the get of Hastings: Masterman, out of Lady Margaret having won the Belmont Stakes, duplicating the performance of his sire and grandsire, Spendthrift, and in the two year old division, Mizzen, out of Donna Mia, up to the close of the Westchester Spring Meeting, has shown himself easily the best out so far, having won three stake races in succession, the Juvenile, National Stallion and Eclipse.

Rosetint has won five straight races and among other winners are Toscan, Gloriosa, etc.

All the get of Hastings have remarkable constitutions, possessing gameness and ability to race in any sort of going.

## OCTAGON.

Sire traces back to dam of The Two True Blues.

10. 6. -

## OCTAGON. 16.

Chestnut horse. Bred by ARGENT BELMONT, Esq. Foaled 1894.

\*Imported.

OCTAGON.

## OCTAGON (16).

Octagon, a chestnut horse, was foaled at the Nursery Stud in 1894. He is by imp. Rayon d'Or (3), one of the greatest sires and winner of the St. Leger, Prince of Wales and St. James Stakes at Ascot, Sussex Stakes, Great Foal, Select, Champion, Great Challenge Stakes, etc., and was unplaced but twice in thirty starts.

Araucaria the dam of Rayon d'Or, was an excellent brood mare and the dam of winners, and one of the most distinguished of the produce of the famous Pocahontas.

Imp. Ortegal, the dam of Octagon, belongs to the famous "Agnes family," from which the great Ormonde, "the horse of the century," sprang, her dam Lizzie Agnes, being sister in blood to Lilly Agnes, by Macaroni (14), Ormonde's dam.

Ortegal only ran once, as a two year old in 1891, finishing third in the Priory Stakes.

Octagon was an excellent performer and his turf record is herewith given. As a two year old he started in two races, his first appearance being in the Double Event at Coney Island, in which he ran second to Ornament, and was unplaced in the Great Trial Stakes.

As a three year old, he won the Brooklyn Derby,  $1\frac{1}{4}$  miles, on a heavy track, beating Buddha, Don de Oro, his stable companion, Scottish Chieftain, The Friar and Braw Lad.

He also won the Toboggan Handicap at Morris Park, on a heavy track in 1:12, beating Irish Reel, Lithos and eleven others, and the Withers Stakes, beating Ogden, Regulator and Bannock. He ran third in the Belmont Stakes in which he carried 122 lbs., being beaten by Scottish Chieftain, 115 lbs., and On Deck, 115 lbs., and finishing ahead of his stable companion, Don de Oro, Ogden and Horoscope. Ran third in the Carlton Stakes, at Brooklyn, which was won by Don de Oro, and was unplaced in the Boulevard Handicap, also won by Don de Oro, and in four other races.

As a four year old, he again won the Toboggan Handicap with 125 lbs., beating Irish Reel, Cleophus and four others; won a purse race,  $6\frac{1}{2}$  furlongs, at Morris Park, in which he carried 133 lbs., ran second in a High Weight Handicap, at Brooklyn, 140 lbs., being beating by Typhone II., 127 lbs., and finishing ahead of ten others.

In the Metropolitan Handicap, he ran third with 116 lbs., being beaten by Bowling Brook, 102 lbs., and George Keene, 102 lbs., and finishing ahead of Macy, Ben Holliday and four others.

As a five year old he only started once, running third in the Toboggan Handicap, with top weight, 130 lbs., being beating by Banastar, 116 lbs., Sanders, 121 lbs., and finishing ahead of Imp and six others.

MARGRAVE

## MARGRAVE (4).

Margrave was foaled at the Nursery Stud in 1893. He is by imp. St. Blaise (22), the English Derby winner, who proved himself one of the greatest sires in this country, heading the list of winning sires in 1890, and whose sons have made enviable records for themselves in the stud.

Margrave's dam, Lady Margaret, is by imp. The Ill-Used, the sire of His Highness, Forester, Magnetizer, Fides, Lady Violet and many other good ones, out of Lady Rosebery, by Kingfisher, a good race mare.

The Ill-Used mares are very highly prized in the stud.

Lady Margaret herself, was a brilliant performer, winning as a two year old, the Independence Stakes at Monmouth, and as a three year old she ran three times, winning a  $\frac{5}{8}$ -mile race at Brooklyn, ran second to Volunteer II. in a  $\frac{5}{8}$ -mile race at Jerome Park and finished third to Little Minch and Volunteer II.

Margrave is a magnificent looking horse and his turf record is a most excellent one, as the following summary will show:

As a two year old he won two races, defeating in his first attempt a field of 13 horses at five furlongs, winning easily by three lengths in 1:02. In his other win, a purse race of five furlongs at Brooklyn, he led all the way and won easily by two lengths. He was second in three races, being beaten by One I Love, in the Great Eastern Handicap, but finished in front of Ben Brush and ten others. In his other two races he was beaten by Ben Brush.

As a three year old he was unbeaten, winning every one of the five races in which he started, the Preakness Stakes, the Boulevard Stakes, the Hempstead Handicap, in all of which he carried top weight, the Tidal Stakes and a race at five and a half furlongs.

He gives promise of proving as great a success in the stud as his breeding and individuality warrant, having already produced the winners Margraviate, Rag Tag, Monograph, etc.

DON DE ORO.

## DON DE ORO (10).

Don de Oro is a handsome chestnut horse, foaled at the Nursery Stud, in Kentucky in 1894 and is by the great sire imp. Rayon d'Or (3), out of imp. Bella Donna.

Imp. Bella Donna, his dam, is by the Derby winner and one of the greatest English sires, Hermit (5), out of Bonnie Doon, a half sister to Blink Bonny, which won the Derby, Oaks, etc., and threw only three animals, viz.: Blair Athol, winner of the Derby, St. Leger, etc., Breadalbane, a great race horse and winner of the Prince of Wales Stakes, etc., and Borealis, winner of the Liverpool St. Leger, the Dee Stakes, the Great Northern St. Leger, etc.

Don de Oro was considered one of the best two year olds of his year and proved himself to be an excellent campaigner.

He has two track records to his credit, having won the Brookdale Handicap at Brooklyn in 1889,  $1\frac{1}{8}$  miles in 1:53 with top weight, 125 lbs., and a Handicap at Saratoga,  $1\frac{3}{16}$  miles in 1:59 $\frac{3}{4}$  with 119 lbs.

A summary of his racing career is herewith given.

As a two year old, won the Tremont Stakes at Brooklyn, 6 furlongs, from The Friar, Rhodesia and three others; Eclipse Stakes, and a five furlong race at Morris Park, and was unplaced in the Double Event, the Great American and the Great Trial.

As a three year old, won the Boulevard Handicap,  $1\frac{1}{8}$  miles; the Carlton Stakes, beating Braw Lad and his stable companion, Octagon; the Kenner Stakes at Saratoga,  $1\frac{1}{2}$  miles, with 126 lbs; the Morris Park Handicap,  $1\frac{1}{2}$  miles over the hill; and a Handicap at Morris Park over the Withers mile. He was second in the Jerome Handicap,  $1\frac{1}{4}$  miles to Rensselaer, third in the Travers Stakes,  $1\frac{1}{4}$  miles, in which he carried top weight, 131 lbs.; third in the Pocantico Handicap and third in the Brooklyn Derby, which was won by Octagon; and unplaced in the Belmont and six other races.

As a four year old, he won a Handicap at Morris Park,  $1\frac{1}{8}$  miles and two races at Aqueduct. Was second in a Handicap at Brooklyn,  $1\frac{1}{4}$  miles, and in a Handicap at Aqueduct, third once and unplaced five times.

As a five year old, he won the Brookdale Handicap at Brooklyn,  $1\frac{1}{8}$  miles, in 1:53, carrying 125 lbs. establishing a new track record for the distance and also made a new track record at Saratoga in a  $1\frac{3}{16}$  mile race, 1:59 $\frac{3}{4}$  with 119 lbs. Besides this he won the Parkway Handicap, a Handicap,  $1\frac{1}{16}$  miles, at Morris Park, beating Imp and other good ones; a Handicap at a mile; a  $1\frac{1}{8}$  mile race at Saratoga and a race  $1\frac{1}{8}$  miles at Brooklyn. He was second in the Brighton Cup, a race at Saratoga and a race at Aqueduct, unplaced in the Brooklyn and Metropolitan Handicaps and was left at the post in the New Rochelle Handicap.

MAGNETIZER

## MAGNETIZER (15).

Magnetizer was a superior race horse, winning among other races the Surf Stakes at Coney Island and the Independence Stakes, six furlongs, at Monmouth, where he got off last and conceding from 3 to 18 lbs., easily defeated Miracle, Ballston, Sir Dixon and six others.

Imp. The Ill-Used (18), his sire, was a great race horse, winner of the Sequel Stakes, Kenner Stakes, 2 miles, etc., and was the sire of His Highness, winner of the Futurity, Lady Violet, Forester, Fides, Badge, Carita, Magian, Glory, etc.

Magnetism, his dam, is by Kingfisher (12), which with The Ill-Used makes a most successful cross and is found in the pedigrees of Lady Violet, Glory, Lady Primrose, Lady Margaret, Belladonna, the dam of St. Leonards; Carina, the dam of St. Carlo; King Cadmus, etc.

Magnetism is also the dam of Magian, winner of the Dunmow Stakes, the White Plains Handicap and a winner in 1896. She also threw Magnetic, dam of the excellent colt Magnet (winner of fifteen races as a three year old in 1895, of seven straight races, also the Gasconade Stakes in 1896, and again a winner in 1897); Magnate, a good performer and Masher, which finished second to Potomac in the Coney Island Futurity, beating a lot of good two year olds.

Magnetizer is the sire of Jack of Spades (one of the fastest horses of his day, winner of the Seabright, Control Stakes, etc.), Woodvine (a splendid two year old in 1895, winner of the Seashore, Fashion Stakes, etc., and a winner in 1896), Julia Arthur, Belle Dick, Swamp Angel, Mr. Waverly, Demagogue (one of the speediest two year olds in 1897), King Max, Ortoland, Lep'da, etc.
